State resource cum master trainer for Digital Crop Survey (DCS) activity.

In reference to Master Advisory Digital Crop Survey (DCS) and as mentioned in point **number 4 of the responsibility of State Government under the heading "Manpower and Training**", this advisory is about appointment of State Resources cum Master Trainers.

The State Government would appoint **DCS trainers for training and hand holding of surveyor as mentioned in advisory as point number 6 and 7 under "Manpower and Training" section**. It is advised that State Government appoint senior officers of rank of Sub-Collector/Assistant Commissioner or at least at the level of Tahsildar or equivalent officer from revenue, agriculture, and horticulture department as State Resources cum Master Trainer. The number of Master Trainer to be appointed by various States for taking up crop survey in Kharif 2023 is shown in the Table 1 below.

Roles and Responsibilities

Master trainers cum State resource officers would be single point of contact for District Level Officers, District Level Trainers, and Crop Surveyors. They would be responsible for everything connected to DCS. They would be providing the required clarifications to the District Level Officer, various Trainers in the District, and other Officers. They would be training the trainers appointed by Collector/ Deputy Commissioner from the District so that the trainers can then train the Crop Surveyors and hand hold them. The master trainers would also analyze the need of refresh trainings and would provide the same accordingly. Master trainer would attend the State Level Committee and if requested by the Collector even the District Level Committee to give their inputs on the DCS activity in general and the training in particular.

These resources would also function at the main point of connect between trainers in the District on one side and the DCS PMU Ministry Level on the other side.

The Profile of the Master Trainer

The officers to be nominated for this work should be very comfortable with the local language. He should be a senior Government officer either from the Revenue department, Agriculture or Horticulture department and not below the level of sub Collector/Assistant Commissioner or at the most Tehsildar.

- 70% of the Master Trainers would be from the Revenue department since these officers would be well versed in land record system, the IT system because of the digitization of the land records and the crops survey because of their involvement in the normal crop survey which has been the traditional responsibility of the Revenue Department.
- It would be good if they have required domain knowledge about Agriculture from the point of view of Crop survey.
- It would always be good to have such officers who have some experience of providing training in large project.

It is intended to have a training of these Master Trainers on 29th and 30th of May 2023. It is, therefore, requested that the name of these officers may immediately be informed to the ministry before 22.05.2023.

Table 1

Sr. No.	State/UTs	No. of Total Districts in State	No. of Districts selected for Pilot	No. of Villages for selected districts	No. of District Trainers to be identified	Master Trainers to be Identified
1	Andhra Pradesh	26	26	17228	862	5
2	Karnataka	31	31	30715	1536	10
3	Madhya Pradesh	52	52	56847	2843	15
4	Maharashtra	35	35	44320	2216	15
5	Odisha	30	30	50670	2534	15
6	Rajasthan	33	7			5
7	Tamil Nadu	38	8	5260	263	5
8	Uttar Pradesh	75	19	29390	1470	10
9	Gujarat	33	6	2742	138	5
10	Assam	31	1	539	27	5
11	Telangana	33				7
12	Kerala	14				5
