ORDER

In the Government of India, Ministry of Agriculture and Farmers Welfare letter first cited, it has been informed that discussion was held in the Conference of Chief Secretaries in Dharamshala on 16th and 17th of June, 2022 regarding creation of Agri Stack Digital Agriculture which will enable farmers to access services digitally and increase their returns from farming activities. The initial stage of setting up Agri Stack, three basic building blocks consisting of the following important IT systems/databases will have to be put in place by the States:-

i. Farmers database with dynamic linking of Land Records.
ii. Geo referencing of Village Maps.
iii. GIS Base Real Time Crop Survey.

2. In accordance with the above objective, the Government of India have stated that the creation of the three core building blocks for Agri Stack will require close coordination between different departments in the State, primarily, the Revenue Department and the Agriculture Department. As was decided in the Chief Secretaries' conference, there is a need to set up a Steering Committee and an Implementation Committee for taking the required policy decisions, monitoring of the implementation and ensuring coordination among departments.

3. The Government of India have requested to set up two Committees, as given below and to send the proceedings of meetings to Department of Agriculture and Farmers Welfare on a regular basis:-

1. **Steering Committee**: To be chaired by the Chief Secretary, the committee should have the Secretary Revenue, Secretary Agriculture, Secretary IT and Secretaries of other departments besides other members who will be related to this work, along with representation from Government of India.

The Steering Committee may meet once in two months to review the progress of the work done in the State.

2. **Implementation Committee**:This Committee will have Secretary, Revenue Secretary, Agriculture, Director(IT)/Director/Commissioner (Land records), Director/Commissioner (Agriculture) and other Officers as per the requirements of the State as members and could be co-chaired by the Secretary, Agriculture & Secretary, Revenue. States may finalise the Committees as per their requirements and needs. This Committee would be responsible for day to day implementation of these three tasks and would meet at least once every month.

4. Accordingly, the Director of Agriculture has sent the proposal for the formation of the Steering Committee and Implementation Committee for Agri Stack Digital Agriculture as follows:-

- The Government of India, Department of Agriculture and Farmers Welfare is envisaging to develop a comprehensive Centralised Farmers Database based on Revenue land records . The Project is called as IDEA (Indian Digital Ecosytem for Agriculture) / Agri Stack .
- The Vision of IDEA Project is " To build a National Digital Agriculture Ecosystem, to elevate Indian Agriculture Sector to higher levels of efficiency and productivity, and to improve the welfare and income of farmers "
- This project will enable better planning , monitoring , Strategy formulation and smooth implementation of Direct Benefit Transfer (DBT) scheme .
- This Centralised Farmers Database shall be useful for various activities like issuing soil health cards , dissemination of crop advisories to the farmers , precision farming , smart cards for farmers to facilitate e-governance, crop insurance, settlement of compensation claims , grant of agricultural subsidies, community / village resource centres etc.,

5. The three building blocks as proposed by the Government of India are to be put in place by the State for the creation of Agri Stack .
